

## Absolute pressure barometer 2A/3B4

These high grade mechanical instruments are to measure absolute pressure or atmospheric pressure. This form permits applications in meteorology, in geodetic survey work or as altimeter. These absolute pressure measuring instruments are also supplied in a metal box for outdoor use.

### 2A Absolute pressure test gauge

Measuring ranges	Error limit F.S.+/- 1 digit
0... 1100 mbar abs	0,1%
500... 1100 mbar abs	0,1%
650... 1100 mbar abs	0,1%
850... 1100 mbar abs	0,1%
800... 1800 mbar abs	0,1%
0... 2000 mbar abs	0,1%

### 3B4 Geodesic Altimeter

Measuring ranges	Error limit F.S.+/- 1 digit
-400...2500m	2m
-400...3000m	2m
-400...5000m	2m
